Our Reference: Maintenance Review for File E256621, Project 07NK10326

Subject: Authorization to Release Software for GuardLogix Safety PLC

Dear Mr. Puerzer,

Enclosed is the Maintenance Review Audit Report documenting the results of the Maintenance Review audit of the Rockwell Automation product:

GuardLogix series safety PLC with software version 16.7.74

This letter constitutes the authorization to release the above referenced software version(s) based upon the results of the Maintenance Review audit. The audit took place May 18, 2007, at Underwriters Laboratories, Inc., located in Northbrook, IL. UL staff member, Vladimir Ivetic conducted the review. The audit demonstrated continued compliance with the requirements of ANSI/UL 1998 and IEC 61508-3.

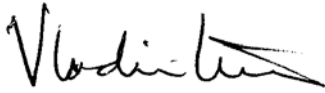

Although the opinions and findings of Underwriters Laboratories Inc. represent its best judgment, UL does not control the use or lack of use of the information that it develops. In no event shall UL be responsible to anyone for whatever use or nonuse is made of the information provided and in no event shall UL, its employees, or its agents incur any obligation or liability for damages, including but not limited to consequential damage arising out of or in connection with the use, or inability to use, the information obtained as a result of this investigation.

Please note that the subject investigation will not imply that UL has Listed, Classified or Recognized the end-product nor will the Report authorize the use of Listing or Classification Marks or other references to UL, on or in connection with the end-product, unless specifically authorized.

This completes the work anticipated under Project 07NK10326. By copy of this letter we are instructing our Accounting Department to bill you for the charges incurred.

We hope that this provides you with the information needed. However, if you have any additional questions, please feel free to call or contact me by phone at (847) 664-2747 or e-mail at Vladimir.Ivetic@us.ul.com. Thank you for this opportunity to work with you.

Sincerely,

Vladimir Ivetic
