# Academy of Advanced Manufacturing

Technician hiring and upskill program powered by the AAM curriculum

 Local college  
 Customer

Programs	Talent Acquisition	Talent Assessment	Professional Education	Technical Education	Hiring Timeline	Relocation	Key Attributes	Description
Veteran Hire					During program	Nationally for training and role	Adaptable, flexible, stress tested, and warranted workforce	National program sources US military veterans with technical experience and trains them to be Controls Technicians. Includes an integrated hiring process to place that talent across the US as managed at Rockwell Automation
Technician Hire					After completion of program	Locally	Government funding available	Local talent upskill to provide critical technician skills. Program is managed by a Rockwell led ecosystem
Technician Upskill					Prior to program	Locally	Government funding available	Current talent upskill to provide critical technician skills. Program is managed by a Rockwell led ecosystem
